INDEX TO VOLUME 16

Compiled by Austin W. Morrill, Jr.

Subject Index

Aedes
aegypti, control work, history in Texas, 58
egg formation and oviposition, 283
eradication of, in the Americas, 115
stenei, a new species from Jamaica, BW.I., 196
varipalpus, Pacific Coast tree-hole, biology of, 220
Aedes spp., flood water, recurrent flight pattern, Calif., 251
fresh water, in Maryland, 138
Aerial sprays, of malathion, for mosquito control, 84
Agriculture, research needs on mosquitoes in relation to, 112
Alabama, mosquito problems in, 73
Alaska, *Culicoides* in, 270
Anopheles, the egg and identity of, 308
Anopheles albimanus, some variations in salivary glands, 27
walkeri, in Tennessee Valley, 294
Anopheles spp., Alaskan, the egg and identity of, 308
and *Chagasia,* in Panama, 3-year light trap study, 22
Association News, Texas meetings, 33
Ayurakitkosol, Dr. Luang, brief biography, 172
Bermuda Islands, *Culex salinarius* in, new distribution record, 29
Bibliography (see References to Literature)
Bickley, Wm. E., brief biography, 236
California, flight pattern of floodwater *Aedes,* Kern Co., 251
granular pesticides in mosquito control, 104
phosphates, use of, in mosquito control, 87
Chagasia and *Anopheles* in Panama, 3-year light trap study, 22
Check List of Mosquitoes (Culicinae) of North America, 4
Coastal marshes, management of water in, Florida, 126
Communicable Disease Center, mosquito control training activities, 193
Culex
afridii (sp.n.), from Dacca, East Pakistan, 140
pipiens, in Germany, letter from Dr. Hannes Layen, 170
salinarius, new distribution record for, Bermuda Is., 29
tarsalis, seasonal history, and associated species, in Tennessee Valley, 143
structural variation of taxonomic significance, IV Instar, 287
tritaeniorhynchus, insemination rates and egg development in nature (Japan), 289
laboratory colonization of, 282
oviposition activity in 1955, 224
Culicoides midges, Edwards plateau of Texas, 256
in Alaska, 270
Diseases, mosquito-borne, in Texas, 64
Dispersal of mosquitoes through transportation, 106
Ditching, light weight compressor to facilitate, 30
Drip applicator, for insecticide to flowing water, 31
Drought, effect on rural mosquito populations, reflected by light trap catches, 279
Egg development, and insemination rates, *C. tritaeniorhynchus,* in nature, 289
formation and oviposition, *Aedes aegypti,* blood fed, 283
viability of salt-marsh mosquito, 298
Ejército, Dr. Antonio, brief biography, 172
Emergence cages, individual, pupal-adult, blackfly, 307
Eradication, *Aedes aegypti,* in the Americas, 115
malaria, the challenge of global, 208
Feeding unit, portable, mosquito, 230
Floodwater mosquitoes, method for making survey of, 66
Aedes, flight patterns, in Kern Co., California, 251
Florida, management of water in coastal marshes in, 126
midges, biology and control of, 201
salt-marsh mosquito control, pre-hatch treatment effectiveness, 212
Fritz, Roy F., brief biography, 237
Freeborn, Stanley, brief biography, 312
Gies, Russell, brief biography, 312
Grant, Donald, brief biography, 238
Granular clay carriers, insecticides on, effectiveness of, 1
pesticides, in mosquito control in California, 104
Great Basin and Lower Colorado River drainage, mosquito records from, 10
Guinea pig holder, improved, 149
Hazards to livestock, of insecticides used in mosquito control, 79
Heater, insect clearing, 307
Herbicide, aromatic oil, effect on mosquito production, 229
Hess, A. D., brief biography, 237
Insecticides on granular clay carriers, effectiveness against larvae, 1
solutions, effects of different kinds on insect screens, 206
used in country-wide mosquito control, 1955 survey, 137
Irrigation, efficiency and mosquito production, 133
Japan, report on recent progress of mosquito control in, 238
Johnson, Donald Ross, brief biography, 312

Keh, Ben, brief biography, 172
Laboratory colonization of *C. tritaeniorhynchus*, 282
Larvae, rearing individually isolated, 232
Larvicide application conversion tables, 269
LePrince, Joseph A., obituary, 32
Lindquist, Arthur, brief biography, 313
Literature (see References to Literature)
Livestock, hazards to, from insecticides used in mosquito control, 79
Log ponds, western Oregon, control of mosquitoes in, 291
Louisiana, mosquito control work in, 103
Malaria eradication, global, 208
Malathion, aerial sprays, 84
  human exposure to, in populated areas, 81
Midges, in Florida, biology and control of, 201
Montana, Milk River Valley, pest mosquitoes, public health significance, 266
Mosquito control operations, country-wide, insecticides used in, 137
  hazard to livestock from, 79
  Japan, recent progress in, 238
  Louisiana, work in, 103
  need for standardization in, 187
  Oregon, western, in log ponds, 291
  training activities in, CDC, 193
    problems, Alabama, 73
      Texas, from a species standpoint, 187
    records, Great Basin and lower Colorado River drainage, 10
McDuffie, Wm., brief biography, 313
Nebraska, mosquito control in, 129
Net, insect, nylon stocking, 307
New England and New York, progress of mosquito control in, 76
News and Notes, 36, 169, 235, 311
New species, *Culex afridii* sp.n., from Dacca, East Pakistan, 140
New York and New England, progress of mosquito control in, 76
North America, Culicinae, check list of, 4
North Carolina, salt marsh mosquito control in, 1955, 71
Organizing and financing mosquito control, Texas methods, 98
Panama, *Anopheles* and *Chagasia*, 3-year light trap study, 22
Pest mosquito problem and its relation to public health, 53
  in Milk River valley, Montana, public health significance, 266
Pesticides, granular, in California, 104
Phospate use in California, 87
Phosphorothioates, against resistant salt-marsh mosquitoes, field tests, 91
Public health, pest mosquito problem in relation to, 53
  in Milk River valley, 266
REFERENCES TO LITERATURE, 43, 177, 243, 320
  Aerial application, 243
  Aerosols, 43, 243, 320
  Adulticides, 43, 177, 243, 320
  Attractants, 321
  Biology, 45, 178, 244, 321
  Behavior, 45, 179, 245, 322
  Biography, 50, 184, 250, 328
  Chemicals, 44, 178, 244, 321
  Control, 43, 177, 243, 320
  Diseases, 47, 180, 246, 324
  Distribution, 46, 179, 245, 323
  Equipment, 44, 178, 244, 321
  Ecology, 45, 178, 244, 321
  Encephalitis, 47, 180, 247, 324
  Filariasis, 47, 181, 247, 325
  History, 50, 184, 250, 328
  Insecticides, 44, 178, 244, 321
  Larvicides, 43, 177, 243, 320
  Malaria, 48, 181, 247, 325
  Morphology, 46, 179, 245, 322
  Parasites, 44, 321
  Predators, 44, 321
  Physiology, 46, 179, 245, 322
  References and Reviews, 50, 184, 249, 328
  Repellents, 244, 321
  Resistance, 44, 178, 244, 321
  Taxonomy, 46, 180, 246, 323
  Technique, 47, 180, 246, 324
  Toxicology, 178, 244, 321
  Yellow Fever, 50, 184, 249, 327
Research, subjects on which additional is needed (Editorial), 234
Residual treatments, outdoor, for control of salt-marsh mosquitoes, 17
Reviews and Abstracts, 39, 175, 240, 316
Robinson, Chester, brief biography, 312
Salivary glands, structure variations, in *Anopheles albimanus*, 27
Salt marsh mosquito control
  in North Carolina in 1955, 71
  with outdoor residual treatments of premises, 17
  pre-hatch treatments in Florida, 212
  resistance, use of phosphorothioates, 91
  viability of eggs, 298
  variations in susceptibility of larvae to insecticides, 20
Screens, insect, air and insect penetration of different kinds of, 204
  effect of various insecticide solutions on, 206
Seasonal variations in susceptibility of larvae to insecticides in salt marsh mosquitoes, 20
Soper, Fred L., brief biography, 237
Standardization, need for, in mosquito control operations, 187
Subjects for additional research (Editorial), 234
Survey of floodwater mosquitoes, method of making, 66
Tables, conversion, larvicide application, 269
Tahiti, importance of mosquito breeding in tree holes, 301
Tanks, insecticide, truck mounted, 31
Tennessee Valley, *Anopheles walkeri* in, 294
Texas, *Culicoides* midges of Edwards plateau, 256
  history of *Aedes aegypti* control work in, 58
  mosquito borne diseases in, 64
  mosquito problems from a species standpoint, 187
  mosquitoes, some remarks on, 94
  organizing and financing mosquito control work in, 98

State Department of Health, role of, 101
Training activities, mosquito control, at the Communicable Disease Center, 193
Transportation, dispersal of immature stages of mosquitoes through, 106
Tree holes, mosquito breeding in, Tahiti, 301
Washburn, G. Edwin, brief biography, 171
Williams, Dr. L. L., brief biography, 171
Wray, Franklin C., brief biography, 237
Yellow fever in Trinidad (Review), 121
